

TESTIMONIAL & FEEDBACK

of SPEED MENTORING

I attended M.o.M Speed Mentoring event and left so empowered. Empowered to take risks. Empowered to embrace my authenticity. Empowered to boss up. The Mentors offered valuable advice and perspective on how take my business, Justjessnude LTD., to the next level. My dream of educating women on personal style through the acknowledgement of flaws, authenticity, and self-love has come true and I look forward to the many lessons and opportunities Women of Toledo will expose me to.

Enjoyed interacting with the Mentees. Two of the Mentees I spoke to came from Detroit and said they were interested in this event because there is no organization like this in Detroit. I encouraged them to become more involved with Women of Toledo. Great evening full of excitement and energy. Looking forward to the next event.

Mentee

I received an immense amount of practical, helpful, and inspiring advice from this event. Thank you for creating it! I got a referral from one of the Mentors and that gave me a big confidence boost also.

-Elizabeth Beth, Bookkeeping Professional

The Speed Mentoring program was extremely beneficial for me.

It was so awesome to connect and network with beautiful, successful women. This is all new to me as I'm trying to come out of my comfort zone and meet other professional women. I was at the Speed Mentoring program to get tips on how to get my career started as a public speaker.

Mentor

Speed Mentoring was an absolutely invigorating experience. With my marketing background I was able to help several of the people I met strategize to reach the most people. My Mentees were very grateful and have my contact information for future questions.

This is a valuable, personal experience for Mentees and the Mentors. Its unique- different! It appeals to women who wouldn't necessary ask for advice or help if they were part of a group. The 1:1 is so essential and really special. The Mentees and Mentors come prepared and ready- which makes it easy to cover a great deal of ground in a short amount of time.
